In The Name of Allah The Compassionate
The Merciful.

Dear Sir.

I appreciate the time you take to read this, I hope this letter is well received;

I saw on the television about your hearings, I hoped you would listen what I say, There are some problems that could be solved by you; even those I claim to be the enemy of the United States, there are no threats intended in this letter, just a desire for change.

I am in jail for eight more months than I will be free, I am a Muslim and I feel because of Amerikas "War on Islam" I am the enemy of the United States, I will spare you all the reasons, except to mention a few "cowardly bombing of Muslim woman and children in a sovereign nation of Palestine (unmanned planes); Thirty billion \$ year to Israel in weapons to kill Muslims, Genocide of civilians in Iraq, Afghanistan, human rights violation at Gitmo, I am sure you get the point.

The prophet Muhammad (SAW) said "All muslims are one brother", and "We have a duty to our brother".

The HOLY QURAN SAYS "Fight those who fight you" (V.111).
So by virtue of my faith the United States is MY ENEMY and I feel I am commanded to fight for MY Muslim brothers and sisters.

In 2004 I went to Russia, traveled to Chechnia and met Dokoo (لطفه عزیز) and learned about what America is doing to Muslims subsequently I sent a letter to the United States requesting to renounce my citizenship under (8 U.S.C.S 1481) which says (A) A United States citizen may renounce his citizenship by writing a letter, I received no response, Dokoo talked me into going back to America because I worked on Elmendorf A.F.B., I could make a difference, it is only because I was arrested I never realized that goal.

I have since then sent letter after letter to the INS, Dept of State all in accordance with 8 U.S.C.S 1481 (a)(6)-A person while in the United States may renounce his citizenship while in the United States - four things is, I never even get a response; how is it a right given to us by Congress of the United States can be voided by Agency inaction ??, See its the Dept of State doesn't know what happens when you corner a hogger.

What do Americans expect, "Major Malik won't work and hide and see everyday muslims being killed (What did you expect?) I think he is a hero and I am sorry he ran out of bullets.

Radicalization: In the five years I have been in prison I have served as Imam, and Amir of education and had the prison try to promote Christianity and strive Islam, I have heard "Kill Americans, Jews, Christians"

more here than I ever did in Chechnya, and with my love for America, what do you think I am teaching young muslims?? Americans believe by starving one belief and showing another down it makes them stronger they are saving America, I am pissed, and I feel it is doing the exact opposite.

Russia's 1481 gives Mr. A. Vehicle to leave 3 people when he is in a car, and a good man in Ukraine to get rid of over 5000, I don't understand why it is ignored, The Holy Quran gives us a choice of fight or flight, Why does America want us to fight ??, I will die for Allah, What land will it be on ??

in Islam we believe that Islam can survive even if there be an America and a N.W.M (it is not possible) they are wrong, until America accepts the Shari its like the Islamic Contradiction to the Sunnah of the prophet (S.A.W) this is the first option

I hope you will see this letter as an appeal not hate writings or anything, I am trying to help you and me, I could say so much more but I feared it would bore your attention.

Thank you
